	MEMORANDUM FOR: Alternate and Special Center	25X1
	SUBJECT : Requests for Access Approvals (Projects	25X1
25X1	1. I am returning four requests for access approvals for representatives of the DDI Collection Guidance Staff.  2. Quite frankly, this office cannot appreciate the constantly increasing number of individuals assigned to the Collection Guidance Staff whom you are certifying as persons who "must know" detailed operational information concerning Projects  3. In fact upon a review of the number of individuals approved by this office for access to these most sensitive projects in the recent past, a serious question is raised as to whether or not some of the individuals already approved should be debriefed.  4. It is urged that you immediately contact the writer to arrange a meeting to discuss this matter. It is suggested that at the meeting the present structure of the Collection Guidance Staff be outlined and you be in a position to justify the requirement for the individuals already cleared for these special projects in addition to the attached and additional anticipated clearances.
